Tax Facts: Did You Know???

The Tipp City income tax code requires all Tipp City residents age 18 and older to file an annual income tax return. Residents who are 16 or 17 years of age are also required to file if their income is not subject to Tipp City tax withholding by their employer, or if their income is subject to a municipal income tax at a rate less than 1.5 percent. Tipp City residents who are retired, permanently disabled, or have any other form of disability that keeps them from working, can be exempted from filing the annual return by completing a Certification Form. Tipp City Leaf Pickup Schedule for 2014

The Tipp City Street Dept. will be starting the leaf pickup program soon. There are a few important guidelines to follow. Residents are asked to rake leaves into the street, 1 foot from the curb, so that storm water will drain. **Please, NO limbs, sticks, bricks, rocks or yard debris should be placed with the leaves in the street.** These items cause damage to the equipment, create down time for repairs, and add delay to the leaf pickup schedule.

Efficiency Tip

According to the U.S. Department of Energy, windows can account for 10 to 25 percent of your heating bill by letting heat out. Interested in upgrading your windows? Here are a few things to remember when looking to boost your window efficiency.

- Low-E coatings on the glass reflect heat inside your home and reflect the sun's ultraviolet (UV) rays outside your home
- Multiple panes of glass increase insulation and help maximize energy efficiency
- Weather stripping reduces heating and cooling costs by sealing air leaks
- Keep in mind low U-values or U-factors when selecting windows as they have the highest insulating properties
- Casement and awning windows fasten more tightly against weather stripping than double-hung windows, which lets less air in and/or out •
