Spring 2016

Purpose

Welcome back to the Tippecanoe Family Aquatic Center as we begin our tenth season of operation. This beautiful facility was designed and built to provide a safe, family oriented aquatic experience for our community. City Council embarked upon this project as the centerpiece of the Parks and Open Space Master Plan to improve the quality of life for those who live and work in Tipp City. Funding for the design and construction of this facility comes from the 10-year, 0.25% increase in the City's income tax for Parks that approved by voters in 2002 and expired December 31, 2012.

The Tippecanoe Family Aquatic Center, though owned by Tipp City is managed under contract by a private professional pool management company, Dayton Pool Management, Inc. Dayton Pool Management's (DPM) services includes staffing, operations, maintenance, and concessions which are managed on-site by Aquatic Managers Jeff Blume and Steve Reeves.

The City and DPM are committed to ensuring that patrons of the Aquatic Center experience professional and caring staff in a clean and safe environment. With over 50,000 seasonal visitors and an average daily attendance approaching 600, it takes a team effort to accomplish this. We hope that much fine-tuning throughout last seven seasons will result in an even better aquatic experience this year. However, your comments and suggestions are always welcome as we strive to provide outstanding service to our patrons.

To meet the requests of our patrons and to enhance the quality of your visit to the Aquatic Center, private lounge chairs are now be permitted in the grass areas of the facility only.

Should you have any questions or concerns regarding the facility that are not addressed in this handbook, please do not hesitate to ask.

Have a great "Summer of 2016"!

Timothy J. Eggleston,
City Manager
