## STORM WATER POLLUTION SOLUTIONS: Caring for Your Home

- Pick up trash and litter around your yard and home to prevent it from clogging storm drains.
- Direct rainwater from your down spouts to vegetated areas or collect rainwater in a barrel.
- Pick up pet waste and dispose of it in the trash.
- Never clean brushes or pour paint in a gutter. Rinse brushes used for water-based paint in the sink. For oil-based paints, filter and reuse paint thinner.
- Properly dispose of paints, cleaners, and solvents through a hazardous waste collection program.
- If you spill paint, contain quickly with kitty litter, sweep up, and dispose of properly.
- Do not rinse concrete or mortar into storm drains or ditches. Sweep up all project debris.
- Use only non-toxic, biodegradable cleaners when pressure washing, or just use water. ●
