Storm Water Pollution Solutions: Caring for Your Car

- To reduce pollutants on our streets, join a carpool, use public transportation, or ride your bike.
- Keep your car tuned up and regularly check your car for leaks.
- When changing fluids from your car, drain them into a clean container and seal completely. Take fluids and used oil filters to a household hazardous waste or used oil collection site.
- Never use a storm drain to dispose of any chemicals or other hazardous substances from a car.
- Contain spills quickly with rags or kitty litter. Sweep up and dispose of properly to avoid storm water pollution.
- Take vehicles to a commercial car wash where the wash water is recycled, reused, and treated.
- When washing your car at home, use a shutoff nozzle on your hose, use detergents and water sparingly, and wash your car where the runoff goes to a vegetated area.

Message from City Manager Eggleston

In 2005, the community came together in the development of the Veterans Memorial Park. In 2013, Ron Re along with the Tipp City Area Community Foundation created the Veterans Tribute Fund as an extension of the commitment to honor those who have served our country. This fund was established for the maintenance and general upkeep of the park. There is no better time than now to show your support by donating to the Veterans Tribute Fund. Your donation is tax deductible and reduces municipal funds required in maintenance of the park. The goal of the Tipp Foundation is to increase funding by \$12,500 in order to bring it up to a level that will provide enough principal to generate sufficient funds in maintaining the park. All funds generated for this project will be used for waxing the monument, painting of the gazebo and decorative fencing and maintenance of the irrigation system.

Consider donating to this worthy cause. Checks can be sent to the Tipp City Area Community Foundation – Veteran’s Tribute Fund, c/o The Troy Foundation, 216 West Franklin Street, Troy, Ohio 45373. Thank you for your support.
