Re: Press Release for August 6, 2025

### **BLASTING – SUMMIT LANDING SUBDIVISION**

We apologize for the short notice due to the blasting at Summit Landing this morning.

This morning, the City issued a stop work order on site, however, the contractor had already brought explosives onsite. Due to this fact, The State of Ohio Fire Marshall's office has recommended that the city let the blasting take place today, due to the safety hazard of having the explosives on site.

The City is aware of the residents' concerns and will be following up with all parties involved, it is the City's highest priority to protect the residents and their property.

We appreciate your continued understanding and cooperation as we work through these processes.

End

**City of Tipp City**
