## City Income Tax Returns

Did you know that your 2016 Tipp City income tax return can be filed electronically? Visit the city's website at [www.tippcityohio.gov](http://www.tippcityohio.gov) and click on "E-File Your Taxes." •

## Shelter Reservations

Whether you are looking for a place to hold a baby shower or graduation party, City Park and Kyle Park have shelters available for your special event. City Park features the historic Roundhouse and can seat 60 people. The Roundhouse can be rented for the entire day (7 am - 11 pm) to Tipp City residents for \$80. Also located in City Park are open air shelters which are available on a first-come, first-served basis and do not require a rental fee.

Kyle Park is the home to three shelters including the Rotary Pavilion, the Kyle Sports Pavilion and the Timmer Pavilion. The Rotary Pavilion is available at no cost on a first-come, first-served basis. Both the Kyle Sports Pavilion and the Timmer Pavilion rent to Tipp City residents for \$50 for the entire day (7 am - 11 pm). Both the Kyle Sports Pavilion and the Timmer Pavilion offer eight picnic tables and a grill.

If you are interested in renting a shelter or need additional information, contact Dawn Gross. She can be reached by calling (937)667-6350. Rentals begin the first Monday in March. •

## Efficiency Tip

Using a humidifier in the winter can actually save you money. People require a higher temperature to remain comfortable in dry air than they do in humid air. Placing an energy-efficient humidifier in your living space during the winter months keeps the air from being as dry, which means you won't need the heat cranked as high to feel warm. •

## Winter Driving Safety: Preparation is Key

**S**o far in the mid-west and Tipp City we have been lucky to avoid the snow. Please keep the following tips in mind while driving on ice and snow covered streets. Driving in snow and ice is just part of life for many U.S. residents in the winter, but safety goes beyond being careful and allowing extra time for slow travel.

Preparations for winter driving should include maintaining your car. Check your battery, windshield wipers, tire tread, and top off washer fluids and antifreeze. Make sure you have important items on hand in case of emergency such as a flashlight, jumper cables, snow brushes/scrapers, flares, blankets, snacks and water. It's also a good idea to keep some kind of abrasive material on hand (such as sand or kitty litter) to help aid traction on icy roads.

We've all heard to leave more distance between cars in icy weather. This is because dry pavement has more than twice the friction of a surface covered with snow and ice. Stopping distance at 30 mph or dry roads is about 40 feet, but extends to more than 100feet on snow or ice. If possible, brake on straights and not during corners in winter road conditions. Maintaining an appropriate speed is critical.

Have a new driver in the family? Consider taking them to an empty lot during the day to practice maneuvers slowly on ice or snow. The chance to safely experience first-hand how steering and brakes react in winter conditions is important for any driver.

Don't forget that safety applies all year round: Always wear a seat belt, use child safety seats properly, be aware of pedestrians walking in the road, do not text while driving, and never drink and drive! •
