

Repave Your Streets

In 2010 the City, had 56 miles of Streets (117 lane miles) and the City was only able to repave roadways about every thirty (30) years. From 2008-2011, due to budgetary constraints, the City was forced to stop paving streets, to maintain a balanced budget.

The following graph shows the cost of asphalt from 2003 thru 2018. During this time span, the cost has risen from \$32.80 per ton to \$65.00 per ton (a 98% increase!):

The 0.50% Tax Levy allowed the City to once again start repaving streets in Tipp City. The plan recommended by the Committee allocated \$400,000 per year for repaving. The City has been able to invest more each year in repaving
